MANIFESTO BRIEF 2022 - 2027

#WauniWaKwikaNesa

VISION AND MISSION OF MY GOVERNMENT

Vision

A progressive and vibrant County where the prosperity of every citizen is top priority.

Mission

To improve the lives of the people of Makueni County through an integrated, multifaceted, impactful, and sustainable development process that prioritises people (puts people first); promotes inclusivity and participation; upholds accountability, and fosters strategic partnerships.

AGENDA

Tina, Tina..!

Clean Water and Sanitation

Wauni wa kiwú kya misyi na miundani

My government will implement innovative and appropriate model water projects through partnerships and a multifaceted approach. We commit to;

- Increase population accessing quality and adequate water in less than 2 kms from 42% to 80% households (urban and rural) for consumption, sanitation and irrigation
- Initiate River Damming, River Abstraction and Gravitational Water Distribution systems
- Establish water purification systems to ensure access to clean and safe water
- Establish a “Water Fund” to support water harvesting, storage and distribution in the county;
- We will undertake informed programming, effective resource utilization, embrace partnerships and ensure sustainability measures in water resource management and environmental protection.

Wauni Wa Kwika Nesa

wauni wa liu na ukwati wa nima

My government will develop crop and livestock value chains for increased productivity, profitability to grow household incomes and increase food security by;

- Enhancing farmers' access to farm inputs and machinery, facilitate structured and organised marketing of farm produce, enhance value addition and product diversification.
- Deepening the agri business economic base by unlocking dead capital in agricultural investments.
- Promoting the adoption of climate smart approaches and sustainable agricultural production and environmental protection.

These measures will enhance resilience and adaptive capacity of the people to climate change.

#WauniWaKwikaNesa

3 Quality Infrastructure - Roads, Clean Energy and ICT

Wauni wa Malelu maseo , sitima na utumii wa komputa na mitandao

Quality and adequate infrastructure is necessary to improve the productivity and profitability of other sectors of the economy. My government will partner with the national government, development partners, and experts to;

- Develop major bridges and motorable roads in the County(SDGs 9).
- Expand electricity, connectivity to health facilities, markets, schools, and homes and promote access to renewable and clean energy sources.
- Establish ICT infrastructure and promote its use to drive the economy

Wauni wa uiiti museo na uima wa mii yitu

My government will be committed to deliver quality healthcare since it is essential for sustainable development. This will be achieved by;

- Equipping health facilities with drugs, equipment and personnel focusing on communicable and non communicable diseases.
- Establishing model health facilities across the county.
- Re tooling and rationalising existing human resources and strengthening the community health workers programme .
- Establishing an e system to streamline the procurement function and ensuring prudent utilisation of medical supplies.
- Implementing the referral strategy and harmonise Makueni Universal Health Care (UHC) program with NHIF for sustainability.

5 Quality Education and Training

Wauni wa Kisomo na Umanyi

My government recognises that inclusive and quality education is one of the strongest and proven vehicles to achieving the prosperity SDG 4 and 5 and Social Pillar in Vision 2030. To enhance access to quality education and training, we will;

- Ensure all children have access to inclusive and quality education at all levels of learning. No child will be left behind
- Develop and equip model Early Childhood Development Education (ECDE) centres , train ECDE
- Equip constituent County Technical Training Institutes (CTTIs) and ensure transparency in financial support to deserving students.
- Partner with the national government to improve the learning environment in the schools in our county.
- Enhance access to ICT and partner with Rural Electrification and Renewable Energy Corporation (REREC), Kenya Power among others to provide reliable electricity connectivity to schools.

6 Sustainable Trade and Industrialisation

Wauni wa Utandithya

My government will address the constraints of industrialisation, manufacturing, and trade (SDGs 11) by;

- Establishing the Makueni Industrialization Park (MIP) to facilitate manufacturing and value addition.
- Promoting business establishments along major highways i.e Mombasa Road and the Machakos Makueni Makindu road.
- Giving priority to key business centres in the development of roads, electricity, and ICT infrastructure and
- Enhancing entrepreneurship and job creation for growth in income generation ventures.
- Supporting the establishment of model youth and women entrepreneurial initiatives

7 Lands and Urban Development

Wauni wa mavalua ma itheka , mivango na maendeeyo ma masoko

In partnership with relevant national government agencies, my government will;

- Enhance sustainable land use and management by establishing a comprehensive County Land Information Management System (LIMS) in line with the national digital platform Ardhisasa
- We will facilitate land registration and issuance of Title deeds
- Facilitate land and property valuation services & administration,
- Establish and maintain a public land bank and ensure security for land
- Address the diverse push and pull challenges of urbanization by encouraging productive investment, improving urban planning and development of urban infrastructure.

Wauni wa mawithyululuko maseo

My government recognizes that environmental conservation and management of natural resources is pivotal to the socio economic development of the people. We commit to;

- Tap into unexploited natural resources having potential and convert them into sources of wealth for the county.
- Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation.
- Partner with Kenya Forest Services, and the local communities to protect forests by employing both traditional and innovative approaches (SDGs 12)

*Wauni
Wa
Kwika
Nesa*

Wauni wa utalii na kusuvia kithio kya Akamba

My government recognises that leisure, recreation, and community service are crucial for the psychological and physical development of all persons; We will develop sustainable tourism, culture and heritage in the county by;

- Partnering with Kenya Wildlife (KWS) and Kenya Forest Service (KFS) to establish and operationalize tourism sites.
- Establishing cultural and handicraft centres
- Working with KWS and communities to address human wildlife conflict along areas bordering Tsavo and Kyulu hills.
- Preventing the destruction of resources, life, and ensure compensation of affected individuals.

10 Youth Empowerment, Sports and Social Inclusion

Wauni wa ukwati wa muika , mathau na kusuvia andu me mavata me mwanya

My government will deliver jobs both in formal and informal sectors. To achieve this, we will;

- Enhance employment and enterprise development opportunities for the youth by mainstreaming youth in all 9 sectors
- Deliver a prosperous economy based on talent nurturing, skills development and innovative enterprises.
- Establish co creative spaces for cultural and creative industries and train coaches for different disciplines to improve the quality of sports skills.
- Establish a creative centre , organize Mutula Junior) sports tournament, and establish a Makueni county Sports Lottery Fund to raise funds for sports development.
- Establish an integrated e youth ICT platform to enhance information access and opportunities for the youth, women and PWDs.

My government will keep the promise to end genderbased violence.
